Picture riddle quiz with answers

Image: Shutterstock yep, the mystery can be a real head scratcher, but once you know the answer, the query makes sense. Some of these mysteries are old standbys, while others you may not have heard of before. Either way, you will have fun trying to solve them. Give it a try. Then challenge your friends. You may be surprised at how some people can instantly find logic in a mystery while others can't. In ancient times, if you don't get the mystery right, you could be thrown off the bridge by trolls, killed by spins, or lose the princess's hand in marriage. Beyond age, literature around the world contains all kinds of mysteries. But one of the best qualities of the mystery is that it can give us a new perspective. Often it plays into our assumptions about the world, as we know it. For example, what is blind? It uses a less general definition of eye to broaden our thinking. Or what about a mystery like this that makes you examine and revisit the question itself? The first was named April, and the second was named May. What was the name of the third child? Now you're catching. See how many mysteries you can guess correctly by taking the quiz. How much of a logical whiz trivia test your spiritual mettle with these ridiculous mystery 6 minutes quiz 6 minutes trivia? 6 minutes quiz 6 minutes trivia hard can you get 11 of these basic brain teasers? 6 minutes quiz 6 minutes trivia can pass this incredibly difficult logic test? 6 Minute Quiz 6 Minute Trivia Can You Solve These Logic Problems? 7 Minute Quiz 7 Minute Trivia These \$200 Jeopardy!
